

WE'RE IN THIS TOGETHER

ONESOURCE[®]
Personalized Patient Support from Alexion

Image is for illustration only.

Time spent worrying about education, insurance, or financial challenges means less time with your loved ones. Alexion's Patient Services has two unique patient support teams to help you spend more time on what really matters.

Support from the start

A **Patient Education Manager (PEM)** is available to meet virtually or in person to help guide you through your journey with neurofibromatosis type 1 (NF1) plexiform neurofibromas (PN) diagnosis and treatment.

How your PEM can help you

NF1 PN is a complicated disease. PEMs are here to answer your questions.

Our PEM experts host educational programs to promote awareness and help others learn about NF1 PN.

We know families need more than medicine. Your PEM can help you get involved with the NF1 PN community through events and meetings.

To connect with your local **PEM**, scan the QR code for our **PEM Finder** or call **1-888-765-4747**, Monday through Friday, 8:30 AM – 8:00 PM ET.

Support to keep you going

We know that you have more questions on your mind. When your child's doctor prescribes an Alexion medication, **OneSource™ Case Managers** are here for you. Your Case Manager can help navigate insurance, address any treatment-related questions, and offer practical support.

How your Case Manager can help

Navigate insurance coverage

From new plans to unexpected challenges, your Case Manager can help you get beyond insurance issues to help make sure treatment isn't interrupted.

Answer treatment questions

Medications come with many questions, and your Case Manager can help get you the answers you need.

Offer practical support

If you have other general questions, your Case Manager may be able to answer. Reach out and get the support you need.

Enroll in OneSource

Sign up online at www.AlexionOneSource.com or call **1-888-765-4747**, Monday through Friday, 8:30 AM – 8:00 PM ET.
